

## An Alternative to Hamper Assembly

# Hold a Toonie Toss!

During November, teachers, students, parents, businesses, employees, church groups, etc., can be asked to throw a **Loonie** or **Toonie** into a large bucket located in your front office reception area, staff lounge, building entranceway, etc.

The funds collected will be picked up by EvenStart in the first week of December, in time for us to assemble holiday hampers and to purchase grocery cards for several children and their families in need.

This is an easy and effective way to contribute to our local Charity this Christmas.

Please use the fax form provided, to indicate if you would like to be involved in a school or office

**Toonie Toss**, and make a needy child's Christmas joyous and memorable.
